

2025 Michigan
Medicaid Formulary

Introduction

Meridian is pleased to provide an updated 2025 Medicaid Formulary as a reference and informational tool for providers, pharmacists, and patients. The purpose of the Meridian formulary is to help providers choose clinically fit and cost-effective products for their patients. This document has ~~is~~ about the drugs we cover in this plan.

Pharmacy and Therapeutics (P&T) Committee

Meridian uses the State of Michigan criteria for the formulary items to determine coverage. For items not on the list or formulary Meridian would depend on our internal P&T Committee made up of providers, pharmacists, and healthcare professionals. The clinical information within the formulary was derived from medical literature and is reviewed and approved by the P&T Committee.

Notice

The information contained in this formulary is provided by Meridian, solely for the convenience of medical providers. This formulary is not intended to be a substitute for the knowledge, expertise, skill, and judgment of the medical provider in his or her choice of prescription drugs. Meridian assumes no responsibility for the actions or omissions of any medical provider based upon reliance, in whole or in part, on the information contained herein. The medical provider should consult the drug manufacturer's product literature or standard references for more detailed information.

Preface

The Meridian formulary is organized in sections. Each section includes therapeutic groups named by either drug class or disease state. Brand and common names are included as a reference to help in product recognition. Brand name drugs are capitalized (e.g., CONCERTA) and generic drugs are listed in lower-case italics (e.g., methylphenidate HCL).

Meridian will not cover prescription drugs that are prescribed for experimental, investigational, or non-FDA approved indications, dosages, or routes of administration.

Formulary Components

The Meridian formulary contains covered medications without authorization, medications that must meet step therapy protocol, medications that need prior authorization, specialty medications, and medications that have quantity limits. Members will not be charged a co-pay when Meridian covers a medication.

Generic Substitution

Meridian is a mandatory generic plan. Michigan Department of Health and Human Services (MDHHS) has mandated that some brand medications are to be covered over the generic medication. Generic medication will be dispensed when available.

Covered Medications without Authorization

Meridian covers many medications without requiring authorization. These medications include many prescriptions and over-the-counter medications (with a valid prescription).

Non-Covered Benefits

The following categories are not covered benefits: medications used for cosmetic purposes, to promote fertility, for sexual dysfunction, for experimental or investigational purposes, or medications that are not licensed for use in the United States.

Tier Descriptions

Tier Number	Tier Name	Tier Description
1	PDL Preferred	MDHHS preferred drug list (PDL) mandated coverage. Some products may require prior authorization, have quantity limitations, gender restrictions, step therapy, specialty restrictions, and/or age limitations.
2	PDL Non-Preferred	MDHHS PDL mandated coverage. Prior authorization required. In some cases will need the trial and failure of preferred agent(s). Some products may have quantity limitations, gender restrictions, step therapy, specialty restrictions, and/or age limitations.
3	Non-PDL	MDHHS mandated Non-PDL coverage. Prior authorization required. Some products may require prior authorization, have quantity limitations, gender restrictions, step therapy, specialty restrictions, and/or age limitations.
4	Supplemental	Additional products that Meridian covers for the benefit of its members. Some products may require prior authorization, have quantity limitations, gender restrictions, step therapy, specialty restrictions, and/or age limitations.

Prior Authorization

Drugs indicated with "PA" require prior authorization for coverage. Details of PA criteria are listed next to the drug name. Please call the Help Desk at **866-984-6462** or fax a completed prior authorization form to **877-355-8070**. All prior authorizations will be reviewed within 24 hours.

Step Therapy (ST)

Drugs with an "ST" need step therapy for coverage. The required step is listed next to the drug name.

Specialty Medications (SP)

All specialty medications noted as "SP" are to be filled at contracted, in-network specialty pharmacies.

Quantity Limits (QL)

Drugs with a "QL" have a set quantity limit imposed. These limits are based on FDA-recommended dosing guidelines. The quantity limit is listed next to the drug name. All medications have a maximum of 30 days per prescription.

Fill Limit (FL)

Drugs indicated with an "FL" have a set fill limit imposed. The fill limit is listed next to the drug name. These medications are limited to a number of fills in a set amount of time.

Day Supply Limit (DS)

Drugs indicated with a "DS" have a set day supply limit imposed. The day supply limit is listed next to the drug name. These medications are limited to a certain day supply in a set amount of time.

Gender Restriction (GR)

Drugs indicated with a "GR" have a set gender restriction imposed. The gender restriction is listed next to the drug name. These medications are limited to either males or females.

Age Limit (AL)

Drugs indicated with an "AL" have a set age limit imposed. The age limit is listed next to the drug name. These medications are limited to a specific age range.

Benefit Exception

The process for requesting non-formulary medication(s) requires covermyeds submission or faxing a completed Formulary Exception form indicating the request for an exception to the formulary. This request must include pertinent clinical documentation showing trial and failure of all formulary agents. It should also contain information showing the medication is the standard of care for the indication provided (peer-reviewed journal articles may be required). Please call the Help Desk at **866-984-6462**, fax completed Formulary Exception forms to **877-355-8070** or follow the covermyeds prior authorization process.

Pharmacy Benefit Management

Meridian utilizes Express Scripts to manage each member's pharmacy benefit. Express Scripts provides Meridian with a pharmacy network, pharmacy claims management services, and claims adjudication. This formulary is up to date through the date of publication. Please notify Meridian of any mistakes in the formulary. A copy of this formulary can be mailed upon request. The Help Desk can be contacted at **866-984-6462**.
