

# Meridian Foster Care Pay for Performance (P4P) Program

Meridian recognizes the unique challenges that can come with coordinating and providing care for children and youth enrolled in foster care. To reward providers for their work with this population of members, Meridian is pleased to announce our Foster Care Incentive Program.

As the largest and longest standing Medicaid plan in Michigan, we know our success is based on the relationships we have with our providers. One of the ways Meridian cultivates these relationships is by offering several distinct incentive programs. Effective January 1, 2025, providers are eligible for additional incentive payments for providing services and closing care gaps for children and youth enrolled in foster care.

## Effective January 1, 2025

In 2025, the Meridian Foster Care P4P program will pay an incentive amount per hit to in-network Medicaid primary care providers (PCP) for closing care gaps for children and youth enrolled in foster care.\*\*

The grid below outlines the measures included in the incentive and the correlating amounts. Additional details on the measures included in the program can be found starting on page 2.
